## Easily analyze your payer contracts for underpayments

### Gain access to important data points with InfoDive®

We understand that reimbursements are a critical part of running a successful and revenue-rich business. That's why InfoDive was created. Now your practice can gain instant access to reports that provide insightful, actionable information about how your medical practice is handling reimbursements.

InfoDive uses powerful software to keep your practice's payments running smoothly. This state-of-the-art software benchmarks your practice's reimbursement to the Medicare allowable and accounts for:

- The primary payer
- A possible secondary payer
- The patient's responsibility
- Denials

These important reports deliver information your practice needs to adjust collection processes or renegotiate a contract.

Armed with this information, you can create a matrix of important data points and begin the process of managing your revenue more accurately.
